# 2026 Sponsorships

**Your support makes marine science field trips possible for our local students!**

E&FCA is a 501(c)(3) non-profit organization focused on creating immersive environmental experiences to increase awareness, foster connections with nature, and inspire stewardship among local students, residents, and visitors. E&FCA utilizes 4 Field Site Locations as our classroom including Grayton Beach State Park, Camp Helen State Park, St. Andrews State Park, and Tyndall Air Force Base. During the Academic Year, we provide no-cost educational Field Adventures to public & charter schools in Bay & Walton Counties, eliminating barriers that prevent teachers from offering hands-on, outdoor trips for K-12 students. Although the program is free to schools, the actual cost to E&FCA is ~\$30 per student to prepare and deliver each program in the field.

OCTOBER 2024 **5,000 PEOPLE**

**120+ PROGRAM DAYS**

**ACROSS 2 COUNTIES**

"We are beyond grateful to work with Jon, Brittany, and the amazing team at Emerald and Forgotten Coast Adventures! They've **given thousands of our students across the district unforgettable field trip experiences this year — and every one of them has been safe, well-organized, and packed with fun.** Students get to meet all kinds of cool coastal critters, dive into hands-on activities, and learn so much about marine science in a variety of ecosystems. Best of all, everything they do is tied to our learning standards, making it a win-win for kids and teachers!"
